

Rob Regan-Pollock
Mortgage Brokers Association
of British Columbia
Education Co-Chair, Conference and Trade Show

I felt compelled to give this written endorsement on behalf of Fred Sarkari as he has been of tremendous help to the Mortgage Brokers Association of British Columbia and our members.

His wealth of experience and knowledge within our industry and equally so with others around the world has enabled him to relate to individuals on all levels of our business.

We chose to work with Fred Sarkari based solely on the high recommendation of others in our industry. He was described as an expert in his field who would not disappoint.

Fred has not only been brought back to speak at the Mortgage Brokers Association of British Columbia four times, but has been used as a captivating speaker throughout our industry.

We are looking to bring him back again due to popular demand, as the last time he had our members collected outside the conference hall to listen to him speak due to exceeding capacity.

In making a decision of this nature you are guaranteed that all attendees will not only feel motivated and revitalized but will be able to walk away with usable tools. With the use of real life stories and anecdotes, you can rest assured that the enjoyment and memories will be endless.

Working with Fred has been an uplifting experience. I'm quite certain that you, and your members will be as positively impacted and receive as many useful and valuable tools to take away with as we all did.

The proof is in his success rate. www.fredsarkari.com

Please feel free to contact me at anytime.

Sincerely
