

PREDATOR RIDGE

April 23rd 2013

To Whom It May Concern;

Ref: Fred Sarkari

Having being voted one of the Best Workplaces in Canada, we felt suitable synergy inviting Fred to speak with our year round team ahead of a busy 2013 season.

We met briefly at the TOTA conference and through colleague recommendations; I was confident as to his ability to deliver.

The interactive personality session was engaging and most importantly, fun. He understood the team and related the message with ease and sensitivity. Fred has been back to Predator Ridge since to deliver the same session to other key Team Members.

I endorse Fred's skills as a presenter and would recommend him if you are a company looking to gain a better understanding of your workforce or indeed, for them to have more self awareness within a group setting.

Sincerely,

Predator Ridge Limited Partnership
